

Job Aid: Immigration Status and Eligibility for Health Coverage Programs in Colorado

This job aid explains immigration eligibility guidelines according to immigration status/category and class codes for Health First Colorado (Colorado’s Medicaid Program), Child Health Plan *Plus* (CHP+), and qualified health plans with or without financial assistance through Connect for Health Colorado.

Not all immigration categories and class codes are listed here. Only class codes that are available in the drop-down menu of the online PEAK application are included. An applicant should always select the appropriate immigration status and select a class code that appears on their immigration document even if these fields are not marked as mandatory. If an applicant’s class code is not available from the drop down menu, “other” should be selected. Because multiple immigration documents can be used to show lawful presence for multiple immigration categories, names and images of the most commonly used documents can be found in a separate CKF job aid, *Images of Documents Typically Used by Lawfully Present Immigrants* found here: <http://ckf.cchn.org/wp-content/uploads/2014/11/Job-Aid-Images-Commonly-Used-by-Immigrants-final.pdf>. This document should not be used for legal advice. Updated June 2016.

Immigration Status/Category Name and Class Codes	Health First Colorado for Adults	Health First Colorado and CHP+ for Children and Pregnant Women	Marketplace Coverage with and without APTCs/CSRs
