PEAK

You might have lost your Medicaid if:

## YOU DID NOT TURN IN YOUR MEDICAID RENEWAL PAPERWORK:

- Login to your PEAK account and review the To-Do List. Click “Complete now” under the card titled “Late renewal”. Or call your county and ask for help submitting a late renewal.
- You can also submit your paper renewal packet to your local county office.
- **IMPORTANT TIP!**
  - If you need coverage for health expenses during this time, be sure to answer question #6 on the paper renewal packet or request additional health coverage after submitting your renewal on PEAK.
  - You have to do this within 90 days of your renewal date. If it’s passed the 90 days, you will need to submit a new application through PEAK or the paper application.

## THE COUNTY OR STATE MADE A MISTAKE:

- If you turned in your renewal paperwork, but your denial said: “Did not submit verifications,” there might be a mistake.
- This is not your fault, but **you need to take action**. Call or go to the County Department of Human Services.

## YOU AREN'T ELIGIBLE ANYMORE:

- If you are no longer eligible for Health First Colorado (Colorado’s Medicaid program) or Child Health Plan *Plus* (CHP+), you still have health coverage options.

## Other affordable health insurance options:

- **Marketplace Insurance:** Apply for insurance on Connect for Health Colorado, the state’s insurance marketplace: [www.connectforhealthco.com](http://www.connectforhealthco.com)
  - Note: You have until July 31, 2024, to apply for a marketplace plan.
- **Employer Insurance:** Check with your employer to learn more about the insurance that they offer.

## Other affordable care options:

- **Hospital Discounted Care:** Colorado law requires hospitals to give discounts to patients who qualify.
- **GoodRx:** GoodRx coupons offer discounts on many prescription drugs.
- **Community Health Centers (CHCs):** CHCs offer sliding-fee-scale payments, so your bill is based on your income. CHCs also have staff who can help you understand and enroll in health insurance. [CHC map: cchn.org/map](http://cchn.org/map)
